

## BASI Checklist

BASI must receive all of the below before you begin your Level 2 exam. It is very important that this is all organised during your course.

### **Passport Photo:**

Please upload to profile on BASI a passport photo for your BASI license.

### **Safeguarding Children Module:**

This is a module which is done after the Level 1. BASI will email you the link for the course that you need to login and complete. It will take about two hours on average.

### **First Aid Certificate:**

Upon completion and passing your two-day First Aid Course this will be sent direct to BASI for you.

You will be sent a copy by Peak Leaders – please save this, if you need a duplicate in the future then this will be charged for by the First Aid Provider in the UK.

### **Shadowing:**

Please act professionally, be motivated and on time while working with the instructors you are assigned to.

You are required to complete your designated number of hours shadowing for BASI. If you do not complete your shadowing hours then this won't be signed off and you will be unable to take BASI L2.

This will be signed off by Peak Leaders and sent directly to BASI.

### **Criminal Disclosure:**

You no longer need to supply a criminal disclosure for BASI but your employer may require this.

If you have any questions then please ask your Course Mentor.
